

Hamburg Composts: Growing a Better Future

Pilot Composting Program

The Town of Hamburg and Farmer Pirates have partnered to offer a food scrap drop off for residents!

WHO IS ELIGIBLE: Hamburg residents

PRICE: FREE!!

WHEN: Pilot will take place September 18th, 2023 - end of Fall 2024

DROP OFF LOCATION: Drop off behind the Hamburg Town Hall. Depending on participation, additional spots may be added!

HOW TO PARTICIPATE: Sign up at the information table at the Hamburg Farmers Market OR anytime online www.farmerpirates.com

WHAT IS COMPOSTING:

Composting is the process of turning food scraps, that have either went unused or bad, into a nutrient rich natural fertilizer. By keeping your food scraps out of landfills, you are supporting a cleaner and healthier community!

WHY SHOULD I PARTICIPATE IN THIS PILOT:

This pilot program will allow you to compost without any work or upkeep. You collect your food scraps at home and drop off whenever works for you. Farmer Pirates Compost takes it from there! Participating in this program is the first step to bring a permanent composting service to Hamburg!

**Food scraps will be collected and composted
by Buffalo based Farmer Pirates Compost.**
